

In the Specification:

On page 1, line 3 of the Specification please insert the following paragraph after the Title:

This application is entitled to the benefit of and incorporates by reference essential subject matter disclosed in Japanese Patent Application No. 2002-195049 filed July 3, 2002 and International Application No. PCT/JP2003/008283 filed June 30, 2003.

Before paragraph [0026], please delete [Best Mode for Carrying Out the Invention] and insert Detailed Description of the Preferred Embodiment.

Before paragraph [0088], please delete [Industrial Applicability]

Please amend the Abstract as follows:

The self-sustained moving support system [[1]] computes the optimum guide route depending on the physical information from the sidewalk data based on the physical information inputted from the mobile computer [[8]], combines the guide route with a map data to create an electronic map and sends the electronic map to the mobile computer [[8]] to display the guide route. Both sides of the guide route displayed on the map are controlled along the blocks in order to provide more detailed information for handicapped persons and either side to be passed is indicated. Thereby the optimum guide route depending on the disability condition of each user can be certainly set in the shortest time.
